would they give me -

We must insist on your coming down next week - early. "It is not good for man to be alone" - especially in Jamaica. Mr. Graves is thinking seriously about going to N. Orleans by a vessel that is to sail about the middle of the week. You will have an oppz. to meet him again if you come before that time.

Now comes Bro. Graves - having just been to see the Capt. of the vessel for N.O. & thinks he will go. He will write you.

I will send my horse & chaise to meet you at the toll gate on Tues. morning - early.

Mrs. B. joins in love to yourself & the ladies at C.

Yours affly  
J. D. Beardlee.

Dear Bro. Phelps

Your letter sent the  
other day is on "the bounding billows."  
The one received this morning shall  
be sent for first opportunity.

I have obtained just the thing  
you ask for in the way of a  
map of Jamaica - price 8/-

I am sorry that I cannot  
send you Kingston papers, as  
the "Journal" is taken in con-  
nection with Bro. Wheeler who  
sends to me for them. I have  
obtained an extra for this mor-  
ning which will be forwarded.  
I will also send a copy for  
Monday, in which a report  
of our grand Sectoral meeting  
will be published. It would  
have done you good to have  
been present. It was a great  
occasion for Jamaica.
